Dear Parent or Guardian:

The purpose of this letter is to make you aware of the safety requirements in your child's laboratory this year. Please find attached to this letter a listing of laboratory safety guidelines and rules. These rules have been discussed with your child. It is my hope that your child has a safe and productive laboratory experience.

Please take the opportunity to again review these safety rules and guidelines with your child. It would be appreciated if you would sign and return the acknowledgment form below. Your child also needs to sign this form. This will provide me with a written record that you have been made aware of the safety regulations in the science laboratory. If you have any questions, please feel free to contact me at the school. Your time and cooperation in this matter have been greatly appreciated.

Sincerely yours,

James M. Buckley Jr.

James M. Buckley Jr.
Science Instructor

I have read the laboratory safety rules and guidelines and agree to abide by these guidelines in the laboratory during the 2010-2011 academic year.
