Good afternoon,

The Economics class at Edwards-Knox Central School would like to invite the The Board of Education to participate in our second annual Economic Symposium on December 7th, 2018. We would love to have one and/or more board members to come this year. It is an amazing experience for the students and a great way to show them that they can have an impact on local and state politics.

Last year, we focused in on the issue of the Opioid Epidemic, but this year we are opening it up to include issues ranging on topics of the students' choice including Education, Immigration, Renewable Energy, or the Prison System- just to name a few possibilities.

I have attached an invitation with some more details and hope to hear from you soon!

You are invited to attend

# The 2nd Annual EKCS Economic Symposium

## Edwards-Knox Central School

---

**Date:** December 7th, 2018

**Time:** 12:00 p.m. - 3:00 p.m. (Optional lunch at 11:30 a.m.)

The Economics Class at Edwards-Knox is looking for state and local politicians and community leaders to listen to their presentations on a variety of economic issues facing our towns, state, and nation. They are working hard to come up with solutions to a variety of problems including the opioid epidemic, immigration, renewable energy, the prison system, cryptocurrency, and more.

### What do we want from you?

We would like you to listen to our students' ideas, ask them questions, answer their questions, and, if you disagree with them, help try to reach a consensus about what needs to be done at a local, state, and national level. Ideally, you will then go out and use your position in the community to take action and help make their ideas a reality.

### Contact Info:

If you are interested in attending the event as a panelist or if you have questions, please contact Sean McGrath or Jessica Friot using the information below.
