YOU'RE INVITED

You're invited to the Ferrara Fiorenza Law Firm's School Law Briefing to be held on the dates, times and at the locations noted at the left. This is a value-added service we offer to our clients from time-to-time throughout up-state New York.

TOPICS TO BE COVERED

Familiar laws for the protection student safety have been amended by the State Legislature resulting in substantially greater liability exposure for school districts and BOCES alike. This workshop will explore changes to those laws, subtle and dramatic, and provide insight into compliance issues, defense strategies, and best practices to mitigate the ever-increasing threat of student claims. Specifically, we will be updating you on the latest developments regarding:

- School Safety Plans
- Red Flag Laws
- Firearms on School Property
- School Resource Officer Arrangements
- And more

The workshop will also involve participants in interactive discussions about true-to-life student safety scenarios on: 1) social media-based threats, 2) student sexual assault and 3) unfit staff members responsible for supervising and protecting students.
