1. General Bid Certification

The bidder certifies that he will furnish, at the prices herein quotes, the materials, equipment and/or services as proposed on this bid.

II. Non Collusive Bidding Certification

By submission of this bid proposal, the bidder certifies that he is complying with Section 103-d of the General Municipal Law as follows:

1. Statement of non-collusion in bids and proposals to political subdivision of the state. Every bid or proposal hereafter made to a political subdivision of the state or any public department, agency or official thereof where competitive bidding is required by statute, rule, regulation, or local law, for work or services performed or to be performed or goods sold or to be sold, shall contain the following statement subscribed by the bidder and affirmed by such bidder as true under the penalties of perjury: Non-collusive bidding certification.

- a) By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of knowledge and belief:
  - i) The prices in this bid have been arrived at independently without collusion, consultation, communication or agreement, for the purpose of restricting competition, as to any matter with any competitor.
  - ii) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly, or indirectly, to any other bidder or to any competitor, and
  - iii) No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.
- b) A bid shall not be considered for award nor shall any award be made where (a) (i), (ii), and (iii) above have not been complied with; provided, however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore, where (a) (i), (ii), and (iii) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the political subdivision, public department, agency or official thereof to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that a bidder (a) had published price lists, rates, or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning subparagraph of (a).

2. Any bid hereafter made to any political subdivision of the state or any public department, agency or official thereof by a corporate bidder for work or services performed or to be performed or goods sold or to be sold, where competitive bidding is required by statute, rule, regulation, or local law, deemed to have been authorized by the board of directors of the bidder, and such authorization shall be deemed to include the signing and sub-mission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.

Other Comments:

Seaway Timber Harvesting, Inc. is a whole-tree chipping operation that produces 300,000 ton of green clean chips annually.

Curran Renewable Energy has opened a pellet plant in Massena, NY. We have the ability to grind wood chips to  $\frac{3}{4}$ " minus and to dry to 90% dryness. Also, we would like to make an industrial wood pellet which would be whole tree, bark and limbs.

If Seaway Timber Harvesting were to become the primary supplier, we would like to work with the school on different fuels that would best work with your system and maintenance department.
