SCHOOL BUS PROGRAM

WARRANTY

10 Year Limited Commercial

VEHICLE ELIGIBILITY

At the time of the first treatment of the Carwell Rust Protection product, your vehicle will be eligible to be covered by a warranty if your vehicle has been purchased less than (6) six months ago and is within one (1) year of the manufacture's production date.

WARRANTY PERIOD

Your vehicle is covered for the period of ten (10) years from the date of first treatment. The warranty is applicable only if you meet the terms and conditions specified in this warranty and if your vehicle is treated annually with the Carwell Rust Protection product within the prescribed times.

WHAT IS COVERED

If your vehicle is treated by an authorized Carwell Dealer with Carwell Rust Protection product each year within 30 days of the anniversary date of the last treatment, we will warrant:

1. All body panels below window line including rocker panels
2. All seams and crevices adjoining body panels
3. All floor panels including frame members

If any of the above "perforate" by rusting from the inside out, we will repair or replace them at No Charge, up to the current market value. "Perforation" means a rust-through condition, such as an actual hole in a sheet metal panel. In addition, we will pay you \$100 per business day while your vehicle is being repaired and out of service, up to a total of \$2000 (20 business days).

Each vehicle is only eligible for one claim. Your acceptance of any repair, replacement or payment for perforated areas by rust, will constitute full and final settlement and a surrender of any further right to make any other claims under this warranty or against a Carwell Dealer, associate or corporate entity.

WHAT IS NOT COVERED

Vehicle Condition – If the vehicle, at the time of treatment or re-treatment, has heavy or packed road dirt, vegetation, debris or other build up, we will not be obligated to treat or warranty those areas. Light road dirt is acceptable. We are not responsible for cleaning the vehicle prior to treatment.

Paint/Surfaces – If the vehicle has any damage or breaks in paint coatings (examples are stone chips,

scratches in the paint, manufacturer defects, or other paint failure issues) that expose the surface of underlying metal, we will not warranty these areas. Cosmetic or surface corrosion would not be repaired under this warranty.

Unusual Areas – This warranty does not cover muffler systems, gas tanks, bumpers, exterior surface of your vehicle, chrome areas, or inaccessible boxed cavities, or areas filled or injected with caulking, foam or insulation that restricts or prevents our ability to treat the area.

Claims – This warranty does not cover costs of repairs due to abuse, neglect or negligence. This warranty does not cover and Carwell is not responsible for other than direct damages including but not limited to , lost time, inconvenience or any other consequential damages including loss of the use of your vehicle if repairs are made under the conditions of this warranty.

WARRANTY AMENDMENTS – ACCIDENT DAMAGED VEHICLES

If your vehicle is damaged in an accident, the damaged area must be re-treated with the Carwell Rust Protection product by an authorized Carwell Dealer within thirty (30) days after repairs have been completed. Your re-treatment to this area will be **No Charge**, however there will be a charge for travel time. A copy of the invoice showing the repair to your vehicle must be submitted.

Carwell has the option of canceling the warranty depending on the quality of repair to the effected area or the extent of the damage to your vehicle.
